

Thur., 12:45 p.m. (India)/Thur., 3:15 a.m., EST

Dear Brothers and Sisters in Christ:

This is to inform you that one of the children from the Esther Children's Home has died. His name is Vaddi Upendra. Upendra was a young boy approximately seven years of age. He was stricken with polio as a child and suffered major complications all of his life. Fortunately, he has been sponsored by someone from Columbia, MD for the past six months or so. As a result, he experienced many positive things he would have never experienced without sponsorship.

Please keep the Esther Children's Home kids in your prayers as they will be very saddened by this news. Rev. Sambabu has not told them yet as he has just finished funeral services and is searching for words to say.

Please keep me in your prayers as I am completely changing my plans now. As soon as I can leave Hyderabad I will, which means postponing scheduled ministry events in Vizag. I am more needed in Eluru, the heart of BHM's ministry.

Thanks for your prayers.

In Christ,  
Michael
